## Low Profile Floating Shelf System

When a small shelf box profile on a wall mounted floating shelf is desired, but a more substantial carrying capacity with a secure hold is still required, the Low Profile Floating Shelf provides the answer needed. The exterior shelf support is made out of heavy gauge .25 inch thick steel and has an overall height that is shorter than other systems on the market. Matched up with a veneer and MDF shelf box, the finished Floating Shelf is both sturdy and low profile for the beautiful appearance desired for home and office. Excellent in installations where finished wall fascia exist.

**Hole Specifications:** 4 - 0.25" Slots; bracket and fasteners included

Item #	Size	Finish	Weight Cap *	Price
FDB39890	24" x 10" x 2"	MDF/ White Veneer	50 lbs	\$141.30

\* Mfr recommends not exceeding this weight to avoid shelf deflection.

## Porcelain Floating Shelf System

Black Marbled

White Marbled

Porcelain Floating Shelves - the ideal balance between luxury and function. The heavy duty porcelain material, reminiscent of marble, is crafted to provide longevity and a clean, contemporary look while also allowing for a 200lb carry capacity. Meticulously crafted with durability - boasting heat, UV, stain, scratch and thermal shock resistance, ensuring they stand the test of time.

Federal Brace Porcelain is an ultra-luxe, high performing material made from natural minerals. Much like a mined diamond, Federal Brace Porcelain is compressed under extreme stress, heated at high temperatures, and screened with various enamels, granting its unique durability and beauty.

**Hole Specifications:** 0.25" slot holes; bracket included, fasteners not included

## 3 Tier Hanging Shelf System

The 3 Tier Hanging Shelf by Federal Brace is not only a durable storage solution but a subtle hint to farmhouse industrial shelving. With natural teak shelves and matte black brackets, the teak hanging shelf combines organic beauty with modern lines to compliment any decor.

Teak wood, prized for its weatherproof durability, has been favored by shipbuilders for centuries. In addition, its high concentration of natural oils and tight wood grain makes it suitable for use in humid environments, such as the kitchen and bathroom.

This stylish open design is excellent for both contemporary and classic decor. The shelf is versatile in the fact that you can hang it from the ceiling, but can also double as a standing shelf. It has a carrying capacity of 200lbs per pair of brackets hanging and 350lbs standing.

**Includes:** 2 universal shelf brackets, 3 teak shelf inserts, (4) 3/8" x 2" hex lag screw - black, (6) 1/4" lag screws - black

Item #	Size		Weight Capacity		Finish	Price
	Teak Shelves	Universal Shelf Brackets	Hanging	Standing
