

# NEW FROM FESTOOL®!

## 18V SANDERS WITH LED LIGHT RING

### SEE EVERY DETAIL

The integrated LED light ring gives you a clear view of the surface, making it easy to spot uneven areas. Combined with the ETSC 2's random orbit sanding motion, it helps you achieve a virtually flawless finish.

### SAND WITHOUT A CORD OR HOSE

Go cordless and hoseless for total freedom—no more tangled cord slowing you down. The powerful 4.0 Ah battery (included in FST577738 and FST577728) keeps you working efficiently and is fully compatible with Festool® 18V cordless tools and chargers.

### SAND IN COMFORT

Designed for comfort, the sander's low-profile shape fits naturally in your hand, making sanding easy whether you're working flat or overhead.
