

EdgeTech II

800.368.4319

Tapered Disc Sander
It gives you the edge!

Looks like a sanding disc
Performs like a jointer
Removes all saw marks

Perfectly squares all edges
Greatly improves jointery

Leaves the material with a
consistent width and size

Shop Tested by Professionals

The EdgeTech II improves the fit & finish of all your work while saving you time and money!

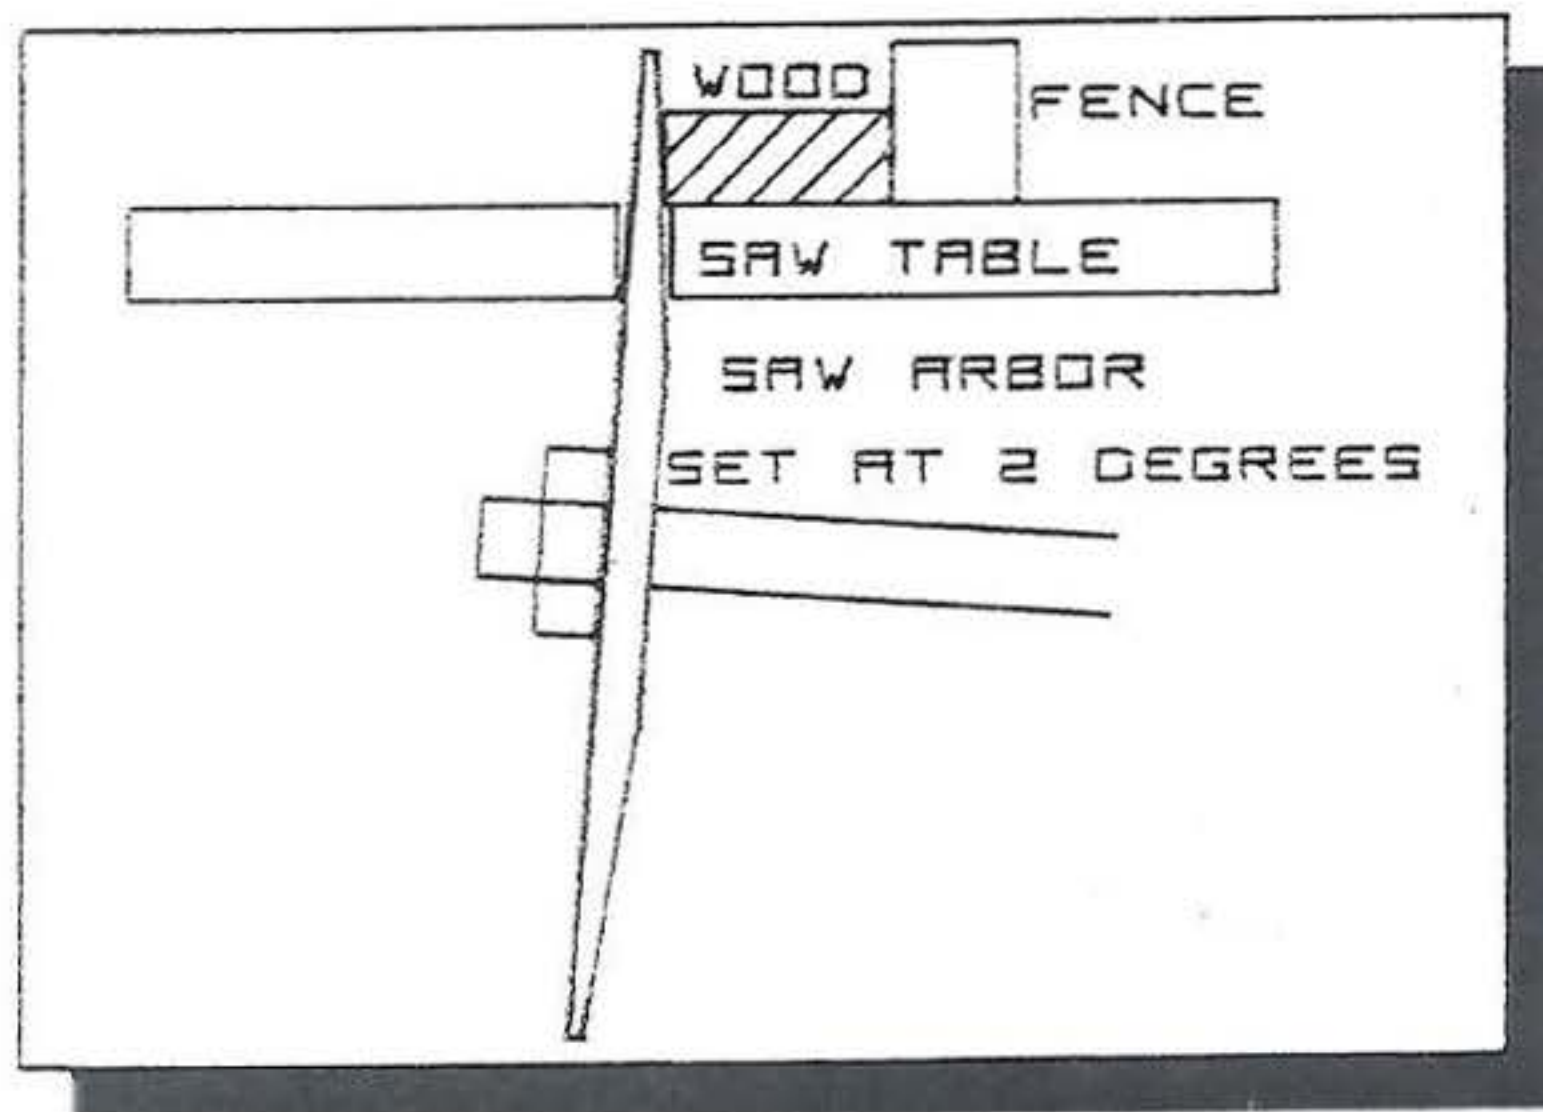

Use the EdgeTech II to.....

- Size & finish face frames / shelves / molding
- Eliminate saw blow-out on back side of material
- Avoid costly hand sanding
- Save time and money

The EdgeTech II is easy to use. Simply apply the self-sticking sandpaper, adjust the arbor and you are ready to go.

Replacement self-sticking sandpaper is available in packages of 10.

The EdgeTech II is manufactured in the U.S.A. from high-grade 6061-T6 Aluminum.

The unique design of the EdgeTech II results in a smooth, swirl-free surface at a perfect 90 degree angle.

Money back guarantee: If you are not completely satisfied with the EdgeTech II, we will replace the product or refund your money, whichever you choose!
