

## Product details

COMPACT CLIP hinge 1-3/8", 110°, with spring, hinge cup: screw-on

|                             |               |
|-----------------------------|---------------|
| Part number                 | 31C355B.22    |
| Item number                 | 03732479      |
| Color / finish              | Nickel-plated |
| Packaging quantity          | 250           |
| Weight per 10,000 Pcs in kg | 879.92        |
| EAN code                    | 9009494511154 |
| UPC code                    |               |

## Technical attributes

| Attribute  | Value                     |
|--|---------------------------|
| overlay in inches                                      | 1-3/8                     |
| opening angle  | 110                       |
| closing mechanism                                      | with spring               |
| hinge cup assembly                                     | screw-on                  |
| plate arm design and it's assembly                     | Wraparound                |
| hinge version  | With integrated BLUMOTION |
| Depth adjustment                                       | + 2.3/- 0.6 mm            |
| type of height adjustment                              | with cam                  |
| Height adjustment                                      | +/- 2 mm                  |
| type of side adjustment                                | with cam                  |
| minimum boring distance                                | 2.5                       |
| maximum boring distance                                | 3                         |
| hinge cup finish                                       | Nickel-plated             |
| hinge cup material                                     | Steel hinge cup           |
| Flange width   | 57                        |
| Flange length  | 22                        |
| Flange height  | 2.5                       |
| hinge cup depth  | 12.7                      |
| cup boring depth                                       | 12.7                      |
| diameter hinge cup boring                              | 35                        |
| distance between borings                               | 45                        |
| eccentric location of mounting holes to hinge cup hole | 9.5                       |
| collision measurement (hinge arm height)               | 13                        |
| reveal   | 4.8                       |
| self closing start (degrees)                           | 30                        |
| overlay in millimeters                                 | 35                        |
| Side Adjustment  | +/-1.6 mm                 |
| type of depth adjustment                               | with cam                  |
| item package   | 1 piece                   |
| packaging  | industrial packing        |
