

# PCS-14

PNEUMATIC CUT-OFF SAW

## FEATURES

- Left or Right hand configuration available
- Cutting off capacity (thickness x width): 1" x 10", 2" x 9", 3" x 8"
- Powerful 5HP main motor
- Pneumatic foot pedal operation with adjustable cutting speed from the front of the machine
- Fast cutting rate up to 95 strokes per minute.
- Cast iron table surface is precision ground assuring high cutting accuracy.
- Safety blade guard with adjustable fingers for added safety.
- Material clamp is easily adjusted for workpiece thickness variation.
- CSA/UL magnetic switch
- Door safety limit switch with 3" long screw

## SPECIFICATIONS

|                                      |                                           |
|--------------------------------------|-------------------------------------------|
| Cutting capacity (thickness x width) | 1" x 10", 2" x 9", 3" x 8"                |
| Cycle speed                          | 95 strokes/min                            |
| Cycle operation                      | Air                                       |
| Saw blade size (optional)            | 14"                                       |
| Saw arbor diameter                   | 1"                                        |
| Saw blade speed                      | 4100 RPM                                  |
| Dust exhaust diameter                | 4" (100mm)                                |
| Motor                                | 5 HP                                      |
| Table size                           | 24.8" x 23.2" (630 x 590 mm)              |
| Net weight                           | 530 lbs. (240 kgs)                        |
