

HB600A

24" 2-IN-1 BANDSAW RESAW

Flexibility is the key with both resawing and bandsawing in one machine.

The Cantek HB600A 24" 2-in-1 Bandsaw Resaw is heavy duty and built to last. With its industrial cast iron wheel and table assembly it can handle any job. What makes the HB600A unique is the capacity to run from ¼" to 2" wide blade allowing you to do intricate curve work as well as resaw timbers to size. The saw wheels are driven by a powerful 5HP motor allowing you to make your cuts with ease. This bandsaw delivers high accuracy for maximum production along with a simple design that assures minimum maintenance.

Key Advantages.

- 2-in-1 bandsaw can run up to a 2" wide blade for resawing and down to a ¼" for curve cutting
- Cast iron saw wheels are precision machined and laminated with rubber for accurate blade tracking and slippage prevention
- Cast iron worktable is precision ground and can tilt to 45°
- Blade tension is conveniently adjusted by means of a handwheel and tension is shown by a scale for accurate tension setting.
- Heavy gauge steel frame ensures vibration free cutting
- Upper and lower guide assemblies with Bakelite side guides to ensure cool running of the saw blade and a back guide thrust bearing
- Micrometric adjustment to upper guide by rack and pinion
- Foot brake for quick stopping of the blade

Specifications.

Saw wheel diameter	23 ½"
Table size	31 ½" x 23 ¾"
Table tilting	0° – 45°
Throat capacity	22-7/8"
Height capacity	13 ¾"
Width of wheel	2"
Blade speed	710 RPM (4458 FPM)
Blade length	173-5/8" ~ 176 ½"
Blade width	¼" ~ 2"
Motor	5 HP
Electrics	230/3/60 or 575/3/60
Dust hood diameter	4" x 2
Net weight	748 lbs.
Gross weight	990 lbs.
Machine size (LxWxH)	42" x 31" x 81"
Packaging size (LxWxH)	85" x 25" x 43"
