

PCS24

24" PNEUMATIC CHOP SAW

PCS24 | 24" PNEUMATIC CHOP SAW

Large capacity crosscutting solution.

The Cantek PCS24 24" pneumatic chop saw is the ideal solution for increasing production on crosscut operations while maintaining optimum safety. Its powerful 15HP motor and adjustable cutting stroke ensure it can effortlessly cut through a wide range of materials and dimensions. A number of features are included to ensure safe operation such as the infeed/outfeed safety guard, microswitches on all access doors, and security bolt on the saw access door. Available in either left hand or right hand operation depending on your ideal production flow.

Safety guard

Foot pedal control (standard)

Optional dual push safety control

Optional roller conveyor and lumber stops

Optional infeed and outfeed conveyors

Optional flip stop

Optional fix stop

Key Advantages.

- Large cutting capacity from 2"x21" up to 7"x8"
- Adjustable cutting stroke to ensure optimum cutting speed and cut quality
- Reliable performance day in and day out
- Added safety features
- Available in Right Hand & Left Hand configuration
- Cut off capacity (thickness x width): 2" x 21", 4" x 19", 6" x 15", 8" x 8"
- Powerful 15HP main motor
- Pneumatic foot pedal operation with adjustable cutting speed from the front of the machine (Optional dual push button control)
- Fast cutting cycle with up to 40 strokes per minute
- Cast iron table surface is precision ground assuring high cutting accuracy.
- Material clamp is easily adjusted for workpiece thickness variation.
- CSA/UL magnetic switch

Specifications.

Cutting capacity (thickness x width)	2"x21", 4"x19", 6"x15", 7"x8"
Cycle speed	40 strokes/min
Cycle operation	Air / mechanical
Saw blade size	24" max. (20" min.)
Saw arbor diameter	1"
Saw blade speed	2400 RPM
Dust exhaust diameter	Ø4" x 2"
Air consumption	27.5 CFM
Motor	15 HP
Table size	45.3" x 26"
Net weight	1058 lbs
Machine dimensions (LxWxH)	40.2" x 45" x 55"
