	CUT OUT
GTMesh1/4X4	4"
GTMesh1/4X8	8"
GTMesh1/4X12	12"

Use the chart above to determine the length of the cut out. Then make a cut out in the desired location on your work surface.

2

Install the unit into the cut out and make sure it is fully leveled onto the surface. (Note: Apply adhesive for a more secure and permanent installation.)

Note:

- All dimensions have a +/- 1/16" tolerance unless otherwise specified. we do not recommend drilling or cutting any holes before receiving a product or a product sample.
