#### 2.0 Product Description

**Jtech Solutions Inc** 

Suffix Letter after model number represents the color of faceplate, for e.g: No Suffix: Black color, W: White, R: Red, etc.

Style and Might Drawer is similar to each other with only difference being the length of sheet metal arm. Docking Drawer 18 and Docking Drawer 24 are similar to each other with only difference being the length of sheet metal arm. Docking Drawer 18 2.0 and Docking Drawer 24 2.0 are similar to Docking Drawer 18 and Docking Drawer 24 with only difference being that instead of polymeric chain they have metal arm.

Model 0290-00020 is similar to model 0290-00012 except that the length of articulating arm is 3" shorter. Model 0290-00030 is similar to model 0290-00015 except that the receptacle enclosure is shorter in height and the length of articulating arm is smaller. Model 0290-00031 is similar to model 0290-00016 except that the receptacle enclosure is shorter in height and the length of articulating arm is smaller.

Model 0290-00032 is similar to model 0290-00011 except that the articulating arm is connected to side of enclosure instead of being in the back and is shorter in length.

Model 0290-00033 is similar to model 0290-00013 except that the articulating arm is connected to side of enclosure instead of being in the back and is shorter in length.

Model 0290-00045 is similar to model 0290-00030 except that it has a 4 port USB outlet instead of a 2 port USB/2 AC outlet. Model 0290-00046 is similar to model 0290-00031 except that it has a 4 port USB outlet instead of a 2 port USB/2 AC outlet.

Model 0290-00047 is similar to model 0290-00030 except that the arm length is slightly shorter. Model 0290-00048 is similar to model 0290-00030 except that the arm length is slight shorter and it has a 4 port USB outlet instead of a 2 port USB/2 AC outlet. Model 0290-00049 is similar to model 0290-00011 narrow except that the arm length is slightly shorter. Model 0290-00050 is similar to model 0290-00032 except that the arm length is slightly shorter.

Docking Drawer Blade series models are similar to model Docking Drawer 24 Slim except that it has a new arm design. Style Drawer Flush model are similar to model MIghty Drawer except the arm is longer. Docking Drawer Blade Duo models and Style Drawer Flush Duo models have two outlets. Model 0290-20000 - Identical to 0290-10224 and 0290-20001 - Identical to 0290-00031. It is electrically identical. The only difference is there are no arms, 0290-20000 and 0290-20001 are intended to be installed in a fixed panel as opposed to a moveable drawer. Model 0290-00321 is electrically identical to model -00032 except that it uses a smaller UL listed junction box. it also has similar arms to model -10121 except that it has different arm dimensions.

Model 0290-00324 is identical to model -00321 except arms are 1.5" longer) Model 0290-00318 is identical to model -00321 except arms are 1.5" shorter) Model 0290-00330 is identical to model -00321 except arms are 4.5" longer)

The new model 0290-00075-X105 is similar to model 0290-20000 same electrical and mechanical means. Differences are the new model 0290-00075-X105 is provided with two receptacles that has 2 AC outlet and 2 USB outlet each and the existing model 0290-20000 is provided with one receptacle that has 2 AC outlet, 2 USB ports and one receptacle has 4 USB outlet. Also new model is provided with 10A circuit breaker since the unit has 4 AC outlet in total Vs 5A circuit breaker in the existing model 0290-20000 since it only has 2AC outlets.

Refer to Illustration no. 42 for model similarity for 0290-30000s series.

Model 0290- followed by 20318, 20321, 20324, and 20330 have identical receptacle/electrical components as in mode 0290-00218 except with cord holder (arm) design identical to model 0290-00318. The difference between the 0290- followed 20318, 20321, 20324, 20330 are length design. 0290-20318 is 12.6" wide (arms), 0290-20321 is 14.1" wide (arms), 0290-20324 is 15.6" wide (arms), and 0290-20330 is 18.6" wide (arms)

2.0 Product Description Interlock Kit for use with In-Drawer receptacles, In-Drawer receptacles. Product Brand name Docking Drawer The product covered by this report is a permanently connected receptacle intended to be installed inside a drawer of a fixed furniture. The receptacle is wall mounted and is connected to a junction box by a cord and supported with a sheet metal arm assemblies around the cord. The receptacle incorporates one or two 16A duplex outlet with GFCI protection for powering various household devices. All models come with polymeric faceplates which are made Description available in different colors. This product is intended to be used with an appliance that is suitable for installation within the enclosure. These in drawer receptacle models provided with interlock kit, model 0290-00800 to make receptacle be de-energized unless the door remains in the fully opened position. These interlock kit is only intended to be used with in-drawer receptacles covered in this report. 0290- followed by 00318, 00321, 00324, 20318, 20321, 20324; may be followed by one letter. Models 0290-00800 Suffix Letter after model number represents the color of faceplate, for e.g: No Suffix: Black color, W: White. Model 0290- followed by 20318, 20321, 20324 have identical receptacle/electrical components. The difference between the 0290- followed 20318, 20321, 20324 are length design. 0290-20318 is 12.6" wide (arms), 0290-20321 is 14.1" wide (arms), 0290-20324 is 15.6" wide (arms). Model 0290-00324 is identical to model -00321 except arms are 1.5" longer, Model 0290-00318 is identical to model -00321 except arms are 1.5" shorter. These all 6 different models have the same arm structure except length of the arm. **Model Similarity** 0290-00318, 0290-00321, 0290-00324,6 0290-20318, 0290-20321 and 0290-20324 are same in similar in design and construction, uses same components except Flush Duo have two receptacles pair whereas Drawer Blade models have single receptacle pair. All model has same electrical connection, same arm design, same interlock kit fixing bracket and same fitting. All models use UL listed junction box. Units are permanently connected units with interlock kit connected. 0290-00800 is interlock Kit model which is intended to be connected to these all in-drawer receptacle models for powering them on only when they are fully extended/drawers are fully open.
