SOFTWAX MATERIAL SAFETY DATA SHEET

1. Composition/Information on Ingredients

CAS NO: 63231-60-7 MICRO-CRYSTALLINE WAXES
CAS NO: 13462-86-7 MIXTURE OF BARIUMSULPHATE WITH IRONOXIDE PIGMENTS
CAS NO: 13463-67-7 TITAN DIOXIDE
DANGEROUS COMPONENTS: NONE

2. Possible Dangers of Composition.

Indication for Dangerous Goods: None
Possible Danger for Human and Environment: None

3. First Aid Measures

After Eye contact: no special measures necessary
After Skin contact: no special measures necessary
After Inhalation: not applicable
After Swallowing: Do not induce vomiting, In case of larger quantities, ask for a doctor.

4. Measures Regarding Fight Against Fire

Suitable Fire-Extinguisher: Foam, Carbon-Dioxide, Dry Powder, Normal Water-Jet.
Not Suitable: Full Water Jet.

SPECIAL DANGER, CAUSED BY PRODUCTS OF COMBUSTION OR GASES:

FIRE WILL CAUSE A DENSE, BLACK SMOKE. INHALATION MIGHT CAUSE SERIOUS
DAMAGE TO HEALTH.

5. Accidental Release Measures

Personal Protection: No special measures necessary
Environmental Protection: No special measures necessary
Disposal: No Special Measures Necessary

6. Handling and Storage

No special protection measures necessary

7. Exposure Controls/Personal Protection

Hand Protection: No special protection measures necessary.
Respiratory Protection: No special protection measures necessary
Eye-Protections: No special protection measures necessary
Body-Protections: No special protection measures necessary

8. Physical and Chemical Properties

Form	Solid
Color	Varies
Smell	Almost Odorless
Melting point	75C

9. Stability and Reactivity

Hazardous Reactions: None with proper handling

10. Toxicological Information

After Inhalation: non-relevant

After Skin Contact: non-toxic

After Eye Contact: non-toxic

11. Ecological Information

No harmful effects are known

12. Advice on Disposal:

No special waste-disposal

13. Transportation Information

No special restrictions

14. Regulation Information:

SoftWax is non-hazardous to our present knowledge
